Scale (feet)

This figure is subject to the terms, conditions, and limitations of the companion report for which it was prepared. This figure depicts (superimposes and collates) summarized information from multiple sources, plus other information to visually clarify study findings. All depicted limits of features and measured conditions are approximate (i.e., extrapolated, interpolated, and inferred). This figure is not a survey, the scale is approximate, and details are omitted for clarity. This figure combines GIS and other online public information. It should only be interpreted using the companion document.
